

Ryadh Sallem

【Opening】 Hello, my name is Mathieu Garillon. I am 47 years old.

My hobbies are listening to music, watching movies and sports. Look at him! He is Ryadh Sallem, a French wheelchair rugby player. Mr. Sallem is 54 years old, and the 2024 Paris Paralympics were his sixth participation!

【Body】 Mr. Sallem was born with no legs, no left hand and a malformed right hand. He began as a swimmer and broke the 400m world record in 1991, then joined the Paralympic basketball team and he is now playing for French rugby team. His story really inspired me because I always have a knee pain but I want to start running again.

【Closing】 Mr. Sallem overcame so many problems so it gave me a powerful life lesson. (128 words)
